UrnSpiration™

Inspiring Families

Our **UrnSpiration™ Lookbooks** are not a typical catalog — they're interactive and designed to inspire, and to not overwhelm you. Each page features a beautifully curated collection and links to meaningful, personalized examples to help you find a memorial that feels authentic to your loved one's story.

When you see the “**Scan for UrnSpiration**” QR code, open your smartphone camera and point it at the code. Click, and you'll be taken to an online gallery for that collection — think “**Pinterest meets memorials**” — where you can explore real designs created by real families that came before you. It's a comforting, **pay-it-forward experience** that lets you draw inspiration from others while creating something uniquely your own.
